

[S]TOOL

MADILINE
HANDBIKES

**DESIGNED FOR ACCESS.
BUILT FOR *INDEPENDENCE*.**

<< UP | MAXIMUM HEIGHT

In the fully extended position, the seat surface reaches 50 cm from the ground.

MANUAL ADJUSTMENT << UP | DOWN >>

Height adjustment is operated manually using the integrated crank arm.

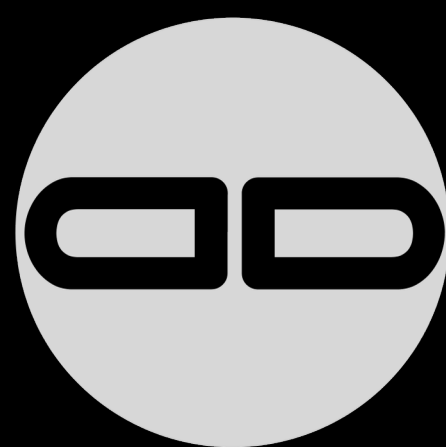

MINIMUM HEIGHT | DOWN >>

In the lowest position, the [S]tool lowers to 21 cm from the ground. This facilitates easy lateral transfers.

MOVE FREELY, **LOCK SECURELY**

All four swivel casters are equipped with individual locking mechanisms, allowing for smooth mobility when needed and full stability during transfers.
